CALL FOR PAPERS

IWSM2009 (19th International Workshop on Software Measurement),
Mensura2009 (4th International Conference on Software Process and Product Measurement)
4-6 November 2009, Amsterdam, Netherlands

THEME & SCOPE:
Software measurement and metrics are key technologies to manage and to control software development projects. Measurement is essential of any engineering activity, by increasing the scientific and technical knowledge for both the practice of software development and for empirical research in software technology. This congress facilitates the exchange of software measurement experiences between theory and practice.

TOPICS OF INTEREST:
We encourage submissions in any field of software measurement, including, but not limited to:
- Software metrics foundations
- Practical measurement application
- Measurement processes and resources
- Empirical case studies
- Measurement acceptance
- Functional size measurement
- Software estimation
- Software process improvement
- Measurement for specific areas, e.g. for web services
- Measurements for system engineering
- Measurement for integration and testing
- Measurement databases
- Measurement validation
- Measurement services
- Measurement tools
- Measurement experience and guidance
- Theory of measurement
- Measurement paradigms
- Enterprise embedded solutions
- Software benchmarking

SUBMISSIONS:
Authors should send proposed:
- Full papers
- Abstract for short industry papers (2 to 4 pages)

by e-mail to alain.abran@etsmtl.ca (see also Timetable below). Papers should not have already been published elsewhere. Nor should they have been submitted to a journal or to another conference. At least one among the authors of each paper accepted must register for the conference and commit to paper presentation. The final papers have to be based on the Springer Verlag Lecture Notes template. Conference language is English.

TIMETABLE:
FULL papers:
Submission deadline of Full paper: May 31, 2009
Notification of acceptance: July 15, 2009
Final paper deadline: September 1st, 2009

Short Industry papers:
Abstract submission deadline: May 31, 2009
Notification of acceptance: July 15, 2009
Draft paper: August 1st, 2009
Final paper deadline: September 1st, 2009
