Call for Participation

IWSM/MENSURA 2011

The Joint Conference of the 21th International Workshop on Software Measurement (IWSM) and the 6th International Conference on Software Process and Product Measurement (MENSURA)

November 3-4, 2011, Nara Prefectural New Public Hall, Nara, Japan

Co-located events: International Workshop on Empirical Software Engineering in Practice (November 1) and MSR School in Asia (November 2)

THEME & SCOPE

Software measurement and metrics are key technologies for managing and controlling software development projects. Measurement is essential for any engineering activity and for increasing scientific and technical knowledge regarding both the practice of software development and empirical research in software technology. This conference will facilitate the exchange of software measurement experiences between theory and practice.

THEMES of SESSIONS

- Measurement Tools and Frameworks
- Software Quality I
- Software Quality II
- Software Quality III
- Size and Performance Measurement
- OSS/Repository Mining
- Software Project and Business
- Software Maintenance
- Software Cost and Effort
- Software Process Improvement
- Education and Human Factors
- Software Verification
- Software Effort and Productivity

CONFERENCE ORGANIZATION

General Co-Chairs: Koichi Matsuda (Software Engineering Center, Information-technology Promotion Agency, Japan), and Ken-ichi Matsumoto (Nara Institute of Science and Technology, Japan)
Organizing Chair: Masahide Nakamura (Kobe University, Japan)
Program Chair: Akito Monden (Nara Institute of Science and Technology, Japan)
Fast Abstract Co-Chairs: Jens Heidrich (Fraunhofer Institute for Experimental Software Engineering, Germany)
Steering Committee: Alain Abran (École de technologie supérieure University of Quebec, Canada), Reiner R. Dumke (Magdeburg University, Germany), and Juan J. Cuadrado-Gallego (University of Alcalá, Spain)
